Letter No. Fy. 746 of 2d. March 1904 from the Comptroller to the Govt. of H. H. the Maharaja of Mysore

Re transfer of certain loan and advance bills from general accounts which possess special facilities for watching their timely recovery -

No. H. 1785-6 of 12-1-04 marked B

No. L.B.S. 1084-5 of 5-2-04.

With reference to the marginally noted G.O. sanctioning an advance of Rs. 2000/- for the relief of weavers in Mysore City and a loan of Rs. 792-15-0 in favour of the Cesspool Municipality for payment of compensation to the owners of lands & houses taken up for roads &c to be laid out in the Cesspool town during the prevalence of plague in 189 the Comptroller invites attention to his letter No. Fy. 219 of 2- proposing that advances to officials for constructing [illegible] outside [illegible] towns & villages declared to be infected with plague, may be made from Imperial Revenues and accounted for in the Imperial Accounts on the ground that it would facilitate for watching the advances until they are finally recovered.

Spare printed copy filed up

The proposal of the Comptroller above referred to was approved by Govt. vide G.O. No. 14284-92-L.B.S. 153 of 28-

The Comptroller states with reference to the advance & loan above referred to that such loans and advances are now appropriately made from general funds as the Separate accounts adopted for Plague Expenditure is allowed for watching their recovery or adjustment in connection with [illegible] is not being so elaborate as the general Accounts

in consequence of their being no heads in Plague
to which they may be debited - and that it could
have been intended by Govt. that the accounts of the
loan, which is repayable in a series of years should
be maintained in the accounts of a Department which
is itself temporary and which may at any moment
cease to Exist.

He therefore asks for permission to transfer the
loan and advance above referred to, to the General Ac-
counts which possess special facilities for watching
the timely recovery.

In the 1st case - it
was specifically ordered
that the advance should
always be met from
Plague Funds.

If there be any thing
wanting in the System of
accounts to be maintained
the Comptr may effect
the necessary improvement
the amounts - cannot
be transferred to Genl
Revenues.

May a copy be sent

There is no doubt truth in the Comptr's representation that there is difficulty in keeping the accounts regarding the adjustment of Advances made from Plague funds, and it was on a similar representation that Govt in their Order No 14284-92 / FB (P) 1537 dated 28 July 1902 passed orders in accordance with his views. But in the case of the advance of Rs. 2000/- for the relief of the Weavers of the Rajpur City Govt, after sanctioning payment from the General funds, subsequently ordered the payment to be charged to Plague funds. Such being the intention the amount cannot again be transferred to the Gen'l Budget The Comptroller may therefore be asked to open a separate account with all necessary details, of the advances sanctioned from Plague funds.
